Subject: RE: Draft Agenda for Technical Meeting with DOGGR and SWB

Do we still need item “e”?

Subject: Draft Agenda for Technical Meeting with DOGGR and SWB

Hi Alexa and Brett,

I hope you both had a great 4th of July weekend. Here’s a draft agenda for the technical meeting (Monday, July 13). I highlighted the Deer Creek AE question in yellow.

Thanks,

Lisa

- 1) Introductions (5 to 10 minutes)
- 2) Explanation of Excel spreadsheets (May 28, 2015) (45 to 60 minutes)
 - a. Provide a list of the acronyms or shorthand for well types described in “current status” column
 - b. Explain the DOGGR Action Taken Column – 4 categories
 - c. Discuss the “Action required by DOGGR” column and how it relates to the “DOGGR

Action Taken” column

- d. Do we still need the column “Identified as one of the 53, Page 2 and Attachment I of May 15, 2015 letter” if those wells are included in the potentially impacting water supply wells column?
- e. July 1, 2015 E-mail EPA submitted to DOGGR with questions on the 5 wells and DOGGR’s response (received July 2, 2015)
- f. Wells in the Deer Creek Aquifer Exemption (Alexa’s question) injecting into sub 3,000 TDS and drinking water supply wells were screened in this aquifer
- g. Add aquifer exemption rationale (e.g., HC or non-HC) to the well tracking spreadsheets
- h. Provide an overview of QA/QC of data submitted by operators to DOGGR
- 3) Overview of the Arroyo Grande aquifer exemption(s) from DOGGR (15 to 20 minutes)
- 4) Status update on database from DOGGR (10 minutes)
- 5) Project management tools (5 minutes)
- 6) Next steps and schedule follow-up meetings (5 minutes)
